Harness the power of Google and Firefly to deliver a unified experience for the whole school community

firefly

Leaders

Give leaders insights to take action for greater impact

Families

Engage parents with a 360 view of the learning experience

Teachers

Make it easy for teachers to share tasks and resources

Students

Empower students to shape their own learning

✓ Keep parents informed, with visibility of assignments from **Google Classroom**

✓ Collaborate seamlessly with **Google files** embedded in Firefly pages, making it easy to work together

✓ Add **Google Drive** resources seamlessly into Firefly tasks, giving your students the tools they need to achieve their personal best

✓ Use Firefly groups created from your **MIS**, to engage the entire school community with the content they need

✓ Reduce complexity and save time by sharing **Google Calendars** through your Firefly Dashboard

✓ Simplify access to all of your tools with SSO across Firefly and **G Suite**

✓ Submit homework from **Google Drive** through Firefly with access anywhere, on any device

Harness the power of Google and Firefly to deliver a unified experience for the whole school community

firefly

Teachers

- Combine resources from Google Drive along with the best content providers in one easy to access, intuitive space

- Use groups and classes from your MIS so that everyone gets the information they want, when they need it

- Help students achieve their personal best with differentiated tasks, designed to meet their personal needs

- Provide rich, actionable feedback through text, rubrics, audio and video, giving students the guidance they need to go further every day

- Work with other teachers in a secure collaborative environment to plan lessons and share the best resources

- Track and share student achievements across the entire learning experience, not just the classroom

- Empower students to collaborate through project-based activities

Students

- Use your favourite tools to work in the way that best suits you

- Know what you need to do in order to achieve your personal best

- Have all the resources you need to be successful in a single, central hub

- Submit homework to your teachers from any device

Parents

- Get a deeper insight into your child's homework with visibility of Google Classroom assignments

- Understand school activities more fully with all the information you need in one accessible space

- Work with teachers so you know how to support your child's learning most effectively

- Stay connected on the move with any device
